FREEDOM FIGHTING

Update: March, 2026.

Dear Fellow Freedom Fighters,

KANGAROO COURTS of AUSTRALIA:

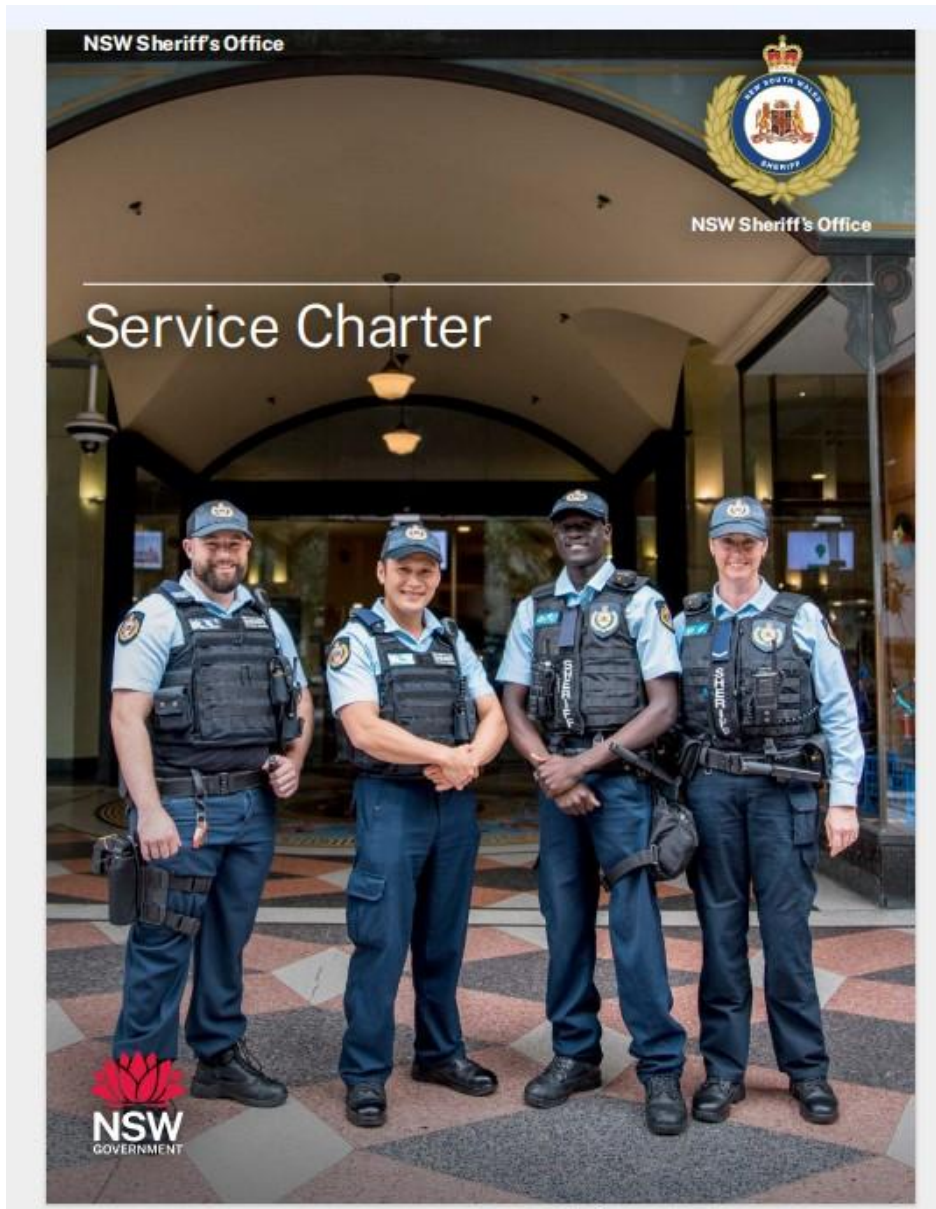

The problem and solution to our fight against Evil comes down to one vital arena or place of resolution our courts. Yes, Australia's court of all applications and level Local, Supreme, Family, Land & Environment, etc. By design and intention, they ought to be "a place where Justice is Administered" - but they are far from that. They are "kangaroo courts" - the modern equivalent of the "Star Chamber Court" that was abolished by Act of Parliament in the 17th century because it was "an intollerable burthen to the subjects, and the meanes to introduce an Arbitrary Power and Government".

The definition of a "kangaroo court" is "a court that acts unfairly or dishonestly or disregards legal rights or disregards legal procedures".

This betrayal by the rich and powerful towards the common people is being carried out by our legal, political and religious heirarchy, as it was in the 17th century when another Act of Parliament said that "diverse evill Councillors Judges and Ministers imployed by him did endeavour to subvert and extirpate the Protestant Religion and the Lawes and Liberties of this Kingdome".

My particular efforts are currently focused on our courts in my local C.B.D.Parramatta..... and here we find all the elements of what we are fighting against. Judicial corruption and treachery are in full flight and the Sheriffs are "just folowing orders", as the uniformed Nazis did in Hitler's Germany.

Yes, the Sheriffs! They ought to be our protectors. They ought to carry out their prescribed duty that is there in their own "SERVICE CHARTER", ie:-

On page 9 it says:

Our mission

Our mission is to:

“Protect the NSW Justice System”

The NSW Sheriff's Office is an essential part of the NSW justice system. We are responsible for:

- upholding the integrity of the justice system through equal access to justice and safe orderly court premises
- independent and effective enforcement of court orders ensuring timeliness while protecting vulnerable community members
- administering the jury system that supports the criminal justice system and the fundamental right to trial by jury
- supporting the rule of law in NSW.

Our vision

All participants of the judicial system can access their rights safely

We work to provide a safe and secure environment for all individuals on court premises. This includes court staff, Judicial Officers, lawyers, and members of the public. We implement strict security measures and employ trained and experienced Sheriff's Officers who are responsible for screening individuals entering court buildings, to ensure their safety while on court premises.

The public trust the integrity of the justice system

We maintain the integrity of the justice system by providing a safe and secure environment. We adhere to strict ethical and professional standards, such as DCJ's Code of Ethical Conduct. We engage with the public and stakeholders through community outreach programs and public forums. These initiatives help to build positive relationships with the community, fostering trust in the justice system.

The community is confident that the orders of the court are executed professionally and in an impartial manner

I have been trying to subpoena the NSW Sheriff, herself, Tracey Hall, PSM,

but, of course, our delinquent Judiciary won't allow me to question her in the Witness Box. However, I will again put in a Subpoena for her to Give Evidence in the case I have filed into the District Court of NSW at Parramatta against Sheriff 366 and the State of New South Wales (Case Number: 2026/77212):

I am seeking damages of \$750,000 because his rough-house physicality of me caused bleeding:

The big stumbling block with the Sheriffs is that they are of a very low I.Q. which leads to them not being able to comprehend practically anything ... and they certainly have no idea that, if they were to do their duty, the courts would be what the courts are supposed to be ... Truth and Justice would be restored Democracy would be real, again ... and those poor people, who are victims of the injustices heaped on them by this wicked system, would no longer be committing suicides nor the families and heritages destroyed.

Yesterday, Tuesday 17 March 2026, I was in the Parramatta Local Court with Peter Feather as the “Presiding Officer”:

He, along with David Price (also at Parramatta), really are the most atrocious persons posing as “Magistrates” and “Judges” who think they can lord it over us, do whatever they want, and are “immune from suit”, ie: above the law. AND it’s all because of our stupid Sheriffs!

In the USA, they have the C.S.P.O.A. ... the Constitutional Sheriffs and Peace Officers Association cspoa.org...with Richard Mack as the Founder. I wish he would come to Australia and sort our our pack of morons but, just like not getting a new toner for my printing, my kitty is rather devoid of funds.

I am in the Parramatta Local Court again next Tuesday 23 March 2026, for a repeat performance of my not giving ground to get a Fully Informed Jury and my constant prayer is that an honest man or woman will appear on the bench and have the courage to “do right”.

Best wishes to all you out there!

**Yours sincerely,
John Wilson.**
